REPORT OF SELECTMEN

A glance at the Comparative Tax Table (page 15 of this Report) indicates what has happened in Nelson over the past ten years, and suggests what may happen in the future.

Property values have increased 66%, total taxes have increased 74% since 1957. The largest tax increase has been for the School District, 94%. This item also represents, by far, the largest amount of money in the budget. The next biggest increase is an 80% rise in the County tax. The smallest increase is Town expenses, namely 48%.

Clearly, without the presence in Nelson of vacation and retirement properties, the tax load for the rest of the Town would be unbearably high. Summer residents (and those of them who become all-year residents) pay 75% of the Town's total taxes. They are, therefore, Nelson's largest industry. Nelson's ability to meet its costs in the years ahead is plainly tied to Nelson's continued attractiveness to this group.

It is the quality of life in Nelson that concerns your Selectmen; the appearance of the houses and roadsides, the maintenance of roads, the pollution of waters — these are some of the factors (and all of them controllable in Nelson) that will contribute to or hinder our progress.

Selectmen, alone, can only contribute so much. They can meet weekly (and do) to carry out their duties as assessors, agents of the State Tax Commission, the In-basket for complaints about roads or dogs, bookkeepers, purchasing agents, perambulators of Town Lines. But contributions to the big issues: what Nelson is to be like, what Nelson will offer, come from the voters.

To vote wisely, to make constructive decisions, calls for communication, two-way communication between the people

of the Town and the Town Officers. The Selectmen, for their part, have this year communicated with the people of the Town in various ways. By post-card, they asked how people feel about paved roads versus dirt roads. An advance printing of the Town Warrant was mailed to all voting households several weeks before Town Meeting in the hope voters would carefully study each Article in advance of the Meeting. The Warrant, itself, was re-arranged to communicate better the true costs of various categories of the Budget and to present certain proposals related to the quality of life in Nelson.

The Warrant speaks for itself and reflects the considered judgment of the Selectmen. (Divergent opinions were expressed on some Articles at the Caucus of January 12). Most items in the Warrant are routine. Some are not. The question of committing the Town to the purchase of a new fire engine again appears this year. The acceptance of the hard fact that road maintenance costs more than it used to — more miles to plow in winter, more demands for service both summer and winter, higher hourly rates of pay imperative, recurring overdrafts on the current road budget. The choice offered to appoint, rather than elect a road agent — to provide closer control of both services and costs. All of these questions, however voted, come back to the greater question: what's best for the Town and for the quality of life here?

Finally, in reading the Reports of the various Town Officers, it is clear that each of them has put in long, hard hours doing his or her job. The Selectmen thank them for the thoroughness that marks their work and their Reports.

Respectfully submitted,

ETHAN C. TOLMAN

NELSON TOWN WARRANT

NOTE: Articles in the Warrant are, this year, grouped by subject, to offer voters the clearest possible picture of expenditures.

NOTE: Explanatory references follow certain of the Articles.

TO THE INHABITANTS of the Town of Nelson in the County of Cheshire, State of New Hampshire, qualified to vote in Town affairs:

YOU ARE HEREBY NOTIFIED to meet at the Town Hall in said Nelson on Tuesday, the 12th day of March next, at 7:00 of the clock in the afternoon, to act upon the following Articles:

ARTICLES OF A GENERAL NATURE

1. To see if the Town will authorize the Selectmen to appoint a person or persons to perform the duties prescribed for Road Agents. Such appointee(s) shall be directly responsible to the Selectmen, and they shall direct his work as well as control his expenditures within the Articles of this Warrant.

NOTE: State law permits Towns to decide between the election or appointment of a road agent. **Reference:** New Hampshire Revised Statutes 245:6 et seq. Under the law, at the Annual Meeting, each Town shall elect by ballot, or by major vote authorize the Selectmen to appoint one or more highway agents who, under the direction of the Selectmen, shall carry out the prescribed duties of an elected agent. A vote authorizing such appointment continues in effect until changed by major vote at an Annual or Special Town Meeting.

2. To choose all necessary Town Officers for the year ensuing.

3. To see if the Town will vote to raise the sum of \$16,050.00 to defray Town charges for the year ensuing.

NOTE: The sum proposed in this Article is reduced from previous years because general expenses of the road department are, this year, transferred to Article 21 to make clear the actual cost of maintaining Town roads.

4. To see if the Town will authorize the Selectmen to borrow on the credit of the Town in anticipation of taxes for the year 1968.

5. To see if the Town will authorize the Selectmen to sell at public auction to any proper buyer any and all parcels of property conveyed to the Town by Tax Collectors or other deeds, and to execute, acknowledge and deliver appropriate deeds thereof.

6. To see if the Town will vote to authorize the disposition of municipal records in accordance with the provisions of "RSA, Chapter 33-A, Disposition of Municipal Records". Said Chapter approved May 11, 1967 and effective July 10, 1967.

7. To see if the Town will vote to accept the sum of \$75.00 from Edgar and Charlotte Jones and the sum of \$25.00 from John H. Struthers as Trust Funds, the interest therefrom to be used toward the perpetual care of lots in the Cemetery.

ARTICLES IN SUPPORT OF VARIOUS OBLIGATIONS

8. To see if the Town will vote to raise the sum of \$281.00 as its fair share of the operating costs of Elliot Community Hospital.

9. To see if the Town will vote to raise the sum of \$100.00 to help defray necessary and proper expenses of Old Home Day, the sum of \$60.00 for the same purpose for Memorial Day and the sum of \$100.00 for the care of the Town Common.

10. To see if the Town will vote to raise the sum of \$152.00 for the support of the Monadnock Region Association.

11. To see if the Town will vote to raise the sum of \$125.00 for the support of the Town Library.

12. To see if the Town will vote to raise the sum of \$300.00 for the maintenance of the cemetery, this sum to be paid to the Treasurer of the Cemetery Board on or before May 1, 1968.

ARTICLES DEALING WITH PROTECTION

13. To see if the Town will vote to raise the sum of \$100.00 for Civil Defense purposes.

14. To see if the Town will vote to raise the sum of \$200.00 for the proper expenses of the Police Department, including membership in the National Sheriffs' Association with attendant insurance benefits.

15. To see if the Town will vote to raise the sum of \$65.00 to be used in conjunction with State and Federal funds for control of White Pine Blister Rust within the confines of the Town.

16. To see if the Town will vote to raise the sum of \$150.00 for construction and maintenance of fire trails and water holes.

17. To see if the Town will vote to raise the sum of \$1,000.00 for maintenance of the Fire Department.

18. To see if the Town will vote to raise the sum of \$1,000.00 to be added to the Fire Department Capital Reserve Fund, it being understood that no withdrawals may be made from this Fund, except by vote of the Town for the purchase of a new fire truck.

19. To see if the Town will authorize the Selectmen to borrow on the credit of the Town a sum not to exceed \$15,000.00 for the purchase of a new fire engine. It is understood that said loan be used together with monies available in the Fire Department Capital Reserve Fund for said purchase, and that any monies received from donations or by solicitation shall be promptly applied to the reduction of the loan. Further, it is understood that the fire engine purchased shall meet all requirements of the New Hampshire Board of Fire Underwriters to qualify for E-3 rates of insurance. Finally, no purchase shall be made without approval of the Fire Chief and the Selectmen.

ARTICLES DEALING WITH MAINTENANCE AND IMPROVEMENT OF TOWN ROADS

20. To see if the Town will vote to raise the sum of \$14,500.00 for maintenance and repair of roads and bridges, of which sum \$6,500.00 shall be for summer maintenance and \$8,000.00 shall be for winter maintenance.

NOTE: For some years the Town has not increased its appropriation for road maintenance and repair, this despite greater mileage of roads to be kept up in winter and a continuing low wage paid the Road Agent, comparing unfavorably with wages paid in nearby towns.

21. To see if the Town will vote to raise the sum of \$5,000.00 for general highway expenses, repairs and supplies.

NOTE: The sum is based on cost experience. The figure includes \$800.00 for needed culvert repairs and omits a usual charge for calcium chloride, as the Town's supply is believed adequate for 1968.

In the Warrants of previous years general highway expenses were listed with "Town Charges", culvert repair was a separate Article as, too, was any purchase of calcium chloride.

In this Warrant the juxtaposition of Articles 20 and 21 give a complete statement of road costs, (maintenance).

22. To see if the Town will vote to raise the sum of \$513.92 as its share of T.R.A. construction costs, the State's share being \$3,426.14.

23. To see if the Town will vote to raise the sum of \$3,000.00 to be added to the Capital Reserve Fund, it being understood that no withdrawals may be made from this Fund, except by vote of the Town for the purchase of road equipment.

24. To see if the Town will vote to raise the sum of \$500.00 for blasting rocks which interfere with drainage and impede snow plowing on various roads.

25. To transact any other business that may legally be brought before the meeting.

BICENTENNIAL COMMITTEE REPORT

REPORT OF THE SECRETARY-TREASURER

September 2, 1966 to September 3, 1967

Following the "Citizens Gathering" on September 2, 1966 the period extending through July of 1967 was largely devoted to plans and preparations for the Bicentennial celebration with most of its public events to be grouped within Old Home Week.

During this time the chairman of the Bicentennial Committee made a thorough geneological study of the families of Nelson including a census of the Nelson, Munsonville and Harrisville cemeteries. Old pictures of historical interest were collected. A map of early Nelson was drawn on which were located most of the homesteads of the town. Several committee members contributed research and writing dealing with Nelson organizations to be included in the Nelson History but most of the work of research, writing, (editing and arranging for publishing was accomplished by the tireless effort of the Committee Chairman, Dr. Parke H. Struthers, who has devoted most of his time and labor to this great project over a period of two years. Dr. Struthers also planned and later carried out many of the events which were to become part of the 1967 Nelson Bicentennial.

Much credit is also due to Mrs. Francis Tolman for independently soliciting funds for the beautification of the Nelson Town Common. With the aid of volunteer helpers, and countless hours of work, her efforts have not only created a lovely setting for Bicentennial activities but also an attractive Common for all to enjoy.

August 6 to 31, 1967

Major events of the celebration were largely centered within Old Home Week, beginning with union church services at 11:00 a.m., and a vesper service at 7:00 p.m. on Old Home Sunday, August 6, and closing with similar services on Bicentennial Sunday, August 13. The program included the following features.

Guided Tours to homestead sites and points of historical interest were scheduled. Early homestead locations, some of them only cellar holes, had been previously marked with signs bearing the names of original settlers. These signs were also numbered for reference to detailed information and maps in a booklet prepared by Dr. Struthers.

The Nelson School Association Meeting was the 74th annual meeting of this group originally organized by, and largely composed of, former pupils of the Nelson Center and Munsonville schools. The meeting elicited much discussion and several suggestions designed to revive the original purpose and activities of the organization to better meet present day interests and thus continue as a significant event of Old Home Week.

The Ladies Aid Supper, a traditional Old Home Week event, was attended by about 200. As usual, this occasion provided an excellent meal of home cooked food as well as an added opportunity for renewing former acquaintances and for meeting new friends.

A Panel Discussion was an evening event. Three State legislators were invited to discuss certain legislative issues of current importance

with the audience asking questions and joining in the discussion. Members of the panel were Senator Robert English of Hancock, Senator John R. Bradshaw of Keene and Representative C. F. Trowbridge of Dublin. The meeting was conducted by the Nelson Town Moderator, Mr. Francis W. Tolman, who is also Clerk of the N. H. House of Representatives.

Old Home Day events began at 10 a.m., with games and contests on the common followed by water sports including canoe jousting and log burling at the public landing on Center Pond continuing until the noon picnic lunch on the church lawn. The Gordon-Bissell Post American Legion Band from Keene gave a concert from 1 p.m. until 2:30 p.m. and a salute to the flag was formally carried out by the Thompson-Hopkins Post of V. F. W. of West Swanzey. Old Home Day exercises, beginning at 2:30 p.m., were under the direction of Francis Tolman, president, and Richard Upton, secretary. The principal speaker was Miss May Sarton, noted author and lecturer and a resident of Nelson.

Saturday Night Square Dances during August were enjoyed by a large group and added much to the Bicentennial festivities.

Concerts by the Nelson Musicians. Eleven concerts during Aug. and Sept. were presented by this professional group in the Nelson church. They were attended by large audiences from the Monadnock area so that the church was often filled to capacity on these occasions.

An Antique Display of furniture, implements and other items used by early settlers of Nelson was shown in the old building formerly known as the schoolhouse of Dostrict No. 1.

Commemorative Plates depicting Nelson and buildings of historical interest were made and sold as much appreciated mementos of the celebration.

The Nelson Town History, though written well in advance of the Bicentennial observance, was delayed by several problems of publishing so that it was not available during the celebration. However, a brochure listing the contents of the history was made available and many requests for copies have been received.

In observance of our Bi-Centennial Week the Library was open every day. Many guests came and new friends were made.

During the entire summer we entertained more visitors than usual, some returning with friends.

We wish to express our appreciation to Henry Fuller for the gift of 400 copies of his excellent brochure on Henry Melville, which we have on sale, proceeds for upkeep of the library.

Rodger Tolman has helped us to improve our equipment with a beautiful table for the children's corner, a magazine rack and a new sign.

Robbins Milbank has donated an installed larger and better globes for the lights and Win French refinished our much worn reading table before the arrival of summer guests.

A friend put new cane in one of our chairs in the children's corner.

In observance of Book Week the pupils in our school were asked to make a book cover for a favorite book. Books were presented to the prize winners, Deborah Phillips and Diane Schillemat in the lower grades, and Terri Sheppard in the upper grades. A book was also presented to the school library. Our thanks go to Mrs. Wertenbaker for her judging the contest.

Sanitary facilities have been installed in the basement.

The Bookmobile made four visits during the year leaving 724 books.

REPORT OF THE CEMETERY BOARD

— 1967 —

The work of maintenance and general improvement of both sections of the cemetery has been continued during the year. Considerable progress has been made in improving the rocky area of the older section. This has required the addition of loam as well as labor in grading, smoothing and seeding. The work has been part of our policy of gradual improvement already extending over several years which we hope to continue in the future,

A small steel building has been erected at the western section of the Melville Extension in which to store supplies and small equipment needed in cemetery work.

Near the new gates our Cemetery Superintendent has erected a granite boulder bearing a plaque. Its inscription indicates that the new section was a gift to the town from Mr. Henry Melville. We believe, as did a former Cemetery Board, that these facts should be thus emphasized as a matter of permanent record.

We recommend that the Town appropriate \$300.00 for cemetery work during 1968.

REPORT OF THE POLICE OFFICER

The year of 1967 has proved to have been an exceptionally busy one for the Nelson Police Department.

Both the Police Officer and the Constable have been called upon numerous times to answer emergencies and complaints.

We were most unfortunate to have experienced a fatal accident in our town and the incidence of motor vehicle accidents has also increased due to the ever greater traffic loads that our highways carry each year.

Highway patrols were maintained regularly by both officers with special attention being given to weekends and holidays. It is our feeling that the presence of identifiable police vehicles on the Nelson roads serve to remind motorists that they must obey the established posted speed limits and highway markings, this serves to maintain the traffic flow in a reasonable manner which is our purpose rather than making arrests for violations.

As always outside law enforcement agencies, the State Police, Sheriffs Department, Keene Police Department and the Mutual Aid Center have been most helpful and cooperative.

responding to any call for assistance or information promptly and willingly, without their aid our work would have been much more difficult, we are most appreciative of this help.

Listed below will be found a resume of the activities of your department for the year 1967.

Hours spent on patrol	193
Accidents Investigated	13
Complaints Answered	18
Emergency Trips to Hospital	5
Breaking and Entering Complaints	5
Missing Persons	3

REPORT OF THE NELSON VOLUNTEER FIRE DEPARTMENT

1967

During 1967 there were 7 fires within the town.

As your fire chief, I would like to emphasize the fact that Nelson is one of the few local towns which doesn't enjoy modern fire fighting equipment. Our trucks were built during World War Two, before many of our children were born. They are badly worn and antiquated.

This is a serious situation. At any time, our equipment could break down. Because of its age, it would be uneconomical, if not impossible to repair. We must modernize our equipment now.

Nelson has been extremely fortunate in the fact that no lives have been lost due to fire. New equipment will not guarantee that lives may not be lost to fire, but the town can rest easier knowing that it has done its part by updating its fire fighting equipment.

Your support in the purchase of a new piece of mobile fire fighting equipment is desperately needed.

Respectfully submitted,

RAYMOND HUBER,

Fire Chief

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

TO THE SCHOOL BOARD AND THE CITIZENS OF NELSON

It is with pleasure that I submit this, my first annual report, to the citizens of Nelson.

The school district reorganization now combines Nelson with Keene and four other towns for purposes of state supervision and administration. In your budget the last expenditure listed is Nelson's share of the support of the Superintendent's office. The other four towns and Keene, also, pay their respective shares, based on a formula combining the number of children and the valuation of taxable property in the community. Apart from that one item in the budget, the school district budget is completely formulated, voted, and expended under the supervision of the citizens of Nelson.

Nelson is fortunate to retain the services of its two teachers, Mrs. Carolyn Beard (Principal) and Mr. Guy Heath. Teacher turnover is one of many factors which can adversely affect education, and keeping fine teachers has been a great asset.

School opened in September with the following enrollment:

Grade 1	11	Grade 4	4
Grade 2	7	Grade 5	1
Grade 3	7	Grade 6	1

The fall census indicates that next year's entering first grade class should contain seven or eight children, and the enrollment will, therefore, increase to about thirty-eight (38) in the Munsonville School.

The children here, as well as the teachers, enjoy the educational benefits derived from membership in the University of

New Hampshire's film rental plan. One educational movie is shown each week.

Formulating a school district budget is a time consuming task, and I assure you that the members of your school board have spent much time in arriving at the 1968-1969 proposed budget. In the final analysis, I feel that they have done well in their two major areas of concern — quality education and reasonable tax rate.

The condition of the rooms in which teachers teach, and children learn plays an important part in morale and in education itself. I would be remiss if I did not, also, commend George Staples for his fine work as custodian.

From funds processed through the Superintendent's Office budget during the current school year, the Munsonville School will receive about forty-six dollars worth of library books.

I wish to thank the teachers, board members, and citizens for their cooperation and assistance in this first year of the newly organized Supervisory Union. Without this the smooth transition would not have been possible.

JAMES J. CUSICK,

Asst. Superintendent of Schools.

MONADNOCK CHILDREN'S SPECIAL SERVICES CENTER, KEENE, N. H.

Many of you are familiar with the Monadnock Children's Special Services Center because of the information provided to you last year, either in the form of town reports or in notices sent home by the school to you as parents, or as interested board members. I would just like to review this briefly with you,, and then tell you some of the activities that are in progress within the Center and within the four supervisory unions served by it.

The Center, established under a Title III grant from the U. S. Government, diagnoses, evaluates, and provides follow-up activities for children with learning problems which make it difficult or impossible for them to function in the present classroom situation. This service is free to all school children in the four school systems of Cheshire County. It has a well qualified staff who bring experiences from different parts of the country and includes two full time psychologists, one full and two part time social workers, one full and four part time educational consultants, three part time speech therapists, and consultants of pediatrics, neurology, and psychiatry.

As of October 31, 1967, the Keene Supervisory Union with its related towns, sent in 138 referral forms in which they requested specific answers to problems relative to a child. The majority of these children have been evaluated, conferences have been held at the Center with parents and teachers, and many of the children are now receiving periodic visits from members of the Center staff. The educational consultants go to the school and talk with the teacher and we also provide any remedial or diagnostic support that we can obtain. In many cases, we have made recommendations that children be changed to another class or another situation, so they will realize their maximum growth in the school. School personnel have been most willing to cooperate in following our recom-

mendations. The parents provide helpful background information, and are receptive to suggestions made at the time of parent conferences.

The Center is providing speech therapy programs and has had workshops for teachers at the Center to explore new techniques and to inform them of additional resource materials available. Much of this material is on display at the Center.

REPORT OF THE MUNSONVILLE PRE-SCHOOL ASSOCIATION

The Munsonville Pre-School has been in progress for three years. The school holds classes Tuesdays and Fridays from 9:30 a.m. to 11:30 a.m. with an average enrollment of fourteen.

The school was started by a group of mothers who felt a need for their children's pre-school education. The school has gone from holding classes in the basement of a private home to holding classes in the Chapel By the Lake. The fathers of the association worked together to install toilet facilities while the mothers ran food sales, suppers, etc. to finance the project.

The tuition for each child, which is minimal, is based on the financial need of the school. This money is used for school supplies; for the children's classroom activities, general supplies and the teacher's salary. The school also pays half the fuel and lights as their share of the Church's finances.

The school is open to any child of Nelson who will be entering the Munsonville Elementary School within two years.

Respectfully submitted,
BARBARA BENNETT, FRANCES RUMRILL, BEATRICE
